J. McA. Sifton Premier Submits Solution to the Legislature Last Night

Terms of Agreement Are Set Out in Letter From Contractor to Premier
ANNOUNCEMENT MADE AT CLOSE OF SITTING

Proposal is Satisfactory to All Parties Concerned, Including Government Says Premier

The solution of the Alberta & Great Waterways problem which Premier Sifton forecasted would be found satisfactory to the province and profitable to the people of the province and profitable to the people of the province and profitable to the people of the province.

Premier Sifton stated that he took the earliest opportunity of taking the Legislature into his confidence and letting members know what Government had been trying to do to settle this matter.

The solution was contained in a letter written to Premier Sifton by Arthur of Winnipeg, railroad builder, and president of the Edmonton, Dawson and B. C. Railway, and the Premier stated that he would move a bill today or tomorrow in the House embodying this solution.

The announcement was made a few minutes before ten o'clock last evening just before the House adjourned and following the giving of the account of the Lieutenant-Governor to the first bill which was passed in the House this session. It was received with approval by the Liberal members of the House.

Premier's Statement.
"I have stated on a number of occasions," said the Premier, "that on moving the adjournment, 'that on the first available opportunity I would like to take the Legislature into the confidence of the Government and by perfectly frank as to what we have been trying to do in regard to the Alberta and Great Waterways Railway problem."

It is only since the House adjourned yesterday noon that matters have been placed in such a condition that I am able to submit to the Legislature a proposal that has been made to the Government and which appears to be in the country—proposal which has met with the approval of the House and the Senate and the parties that are interested, including the Government.

The Premier then read the letter from Mr. McArthur, Mr. Speaker, to say, I read this to the House might have the first information in regard to it. Any state will be quite proper when the I come up. The announcement was received with cheers by the Liberal members present.

The adjournment of the House until ten o'clock today was then moved by the Premier.

CARNEGIE HERO SAVES CREW OF WRECKED SHIP

By Bulletin Leased Wire.
Edmonton, Mass., Sept. 22.—The five-masted schooner Marcus L. Trann, with crew of seven, was wrecked on the coast of Nova Scotia, near the dangerous Skiff Island skiff, in Muskogee Channel today.

Captain Benjamin Thomas and his crew of eight, together with the wives of the captain and steward, were taken to remain on their vessel in a boat. The crew of the schooner was in the den for this afternoon disclosed their presence to those ashore.

Terms on Which A. & G. W. Road Will Be Constructed

Edmonton, September 22nd, 1913.

Dear Sir,
On behalf of myself and associates I propose to take over the Alberta and Great Waterways Railway on terms satisfactory to representatives of Bondholders, and the Royal Bank, and propose to construct the same between original terminals on route to be approved by the Provincial Railway Department under the contract entered into with the Railway Company for this purpose.

In case mileage between terminals does not exhaust mileage provided in guarantee, the balance to be devoted to branches on similar terms, location to be hereafter chartered by Legislature and approved by your Department.

The interest on the proceeds of bond issue earned up to the time the necessary legislation becomes operative, to be received by the Government, the Government to provide for the payment of the interest on the bonds up to that time; and all sums properly payable in respect of claims filed with Government will be settled by the Company. The Government will, of course, waive any default of the Railway Company to date, and will see that the entire proceeds of the bond issue and interest interest is paid into a chartered bank or banks under the terms of the Guarantee Act.

I would require an extension of time for two years from 31st December next for completion of work and would agree to commence actual work before that date.

Yours truly,
(Sgd.) J. D. McARTHUR.

Hon. A. L. Sifton,
Premier of Alberta,
Edmonton, Alta.

FIRST BILL IS ASSENTED TO BY LIEUTENANT GOVERNOR

Provides For Raising of Rate of Loans From 4 to 4 1/2 Per Cent.—Is Endorsed by Both Parties—Debate on Speech From Throne Continued

The first bill of the session to pass the Legislature and to receive the consent of the House and the Senate, was that to amend the act passed in 1910 regarding the raising of the rate of interest on the bonds of the province, which provided that the rate of interest should not exceed four per cent. The amendment bill passed by the Legislature yesterday afternoon and assented to last evening, raises the rate of interest on the bonds of the province from four to four and a half per cent. The increase is necessitated owing to the changed conditions in the financial market and brings the rate of interest to be paid on Alberta bonds to the same level as that which is being paid by other provinces and also large cities in the Dominion.

The bill had the support of the Opposition, Leader Michener making a speech in favor of the principle, but suggesting that the rate should have been raised to five per cent. He said that a bill was put through raising the rate on Canadian National bonds at 192 and some of the principle cities had secured bonds at four and a half.

While saying nothing either in support or opposition to the bill, Mr. T. M. Tweedie, Premier of Ontario, took issue with the Premier regarding the rate of interest paid on the treasury notes, which were discounted with the Government, and which were discounted with the Government, and which were discounted with the Government.

The Premier moved the second reading of the bill, which was carried by a vote of 18 to 16 of the House of Commons, raising the rate of interest on provincial and Dominion bonds to four and a half per cent. The Premier moved the second reading of the bill, which was carried by a vote of 18 to 16 of the House of Commons, raising the rate of interest on provincial and Dominion bonds to four and a half per cent.

BRITISH ARMY IN PROGRESS

Feature Was Destruction of Airship by Aeroplane Squadron

ONE REGIMENT OF CAVALRY MUTINY

King George is Expected to Take Part in the Manoeuvres Today

By Bulletin Leased Wire.
London, Sept. 22.—The feature of the British army maneuvers in the Midlands Counties which began today was the destruction of an airship by a squadron of aeroplanes which circled about and zoomed it in a manner which would enable them to do a similar bomb throwing in real warfare.

An incident was the mutiny of a regiment of volunteer cavalry the members of which were disgruntled because they received only three crackers and a chunk of cheese for breakfast.

The men refused to march, but were afterwards placated by a double ration of food.

REBELS BLOW UP MEXICAN TRAIN; THIRTY KILLED

Locomotive Passed Safely Over Dynamite But Three Coaches Were Destroyed

By Bulletin Leased Wire.
Mexico City, Sept. 22.—A north-bound train on the Mexican National Railway has been dynamited by the rebels near Yanga, in the northern part of the state of San Luis Potosi.

The train left here Saturday night, but turned back at Yanga on account of blown up bridges north. The locomotive passed safely over the dynamite charges but the baggage car and two coaches were destroyed.

The passengers escaped unhurt. The train left here Saturday night, but turned back at Yanga on account of blown up bridges north.

Despatches from San Luis Potosi, the capital of the state, say that on Sunday rebels held the town of Venado and routed a Federal force of six hundred men.

Coal Steamer Aground.
Buffalo, N.Y., Sept. 22.—At noon today the steel freight steamer Hamilton, up-bound from Montreal to Antwerp, with a cargo of coal, was fast on the rocks off Gray Point, six miles west of Port Colborne, where she grounded Saturday.

Canadian Buffalo for Ireland.
Ottawa, Sept. 22.—A pair of Canadian buffalo have been presented by the Dominion Government to the Royal Zoological Society of Ireland.

GRAIN MOVEMENT IS FAR GREATER THAN THIS YEAR LAST YEAR

By Bulletin Leased Wire.
Winnipeg, Sept. 22.—The grain movement started off with a rush as the fall, for wheat and 360,000 bushels of other grains, as against a total of 360,000 bushels of other grains handled during the corresponding period last year.

MANHATTAN MILERS

TRouble Starts Over Double Murder in Man Returning From Dance

FIFTEEN POLES ARE ARRESTED

Men Were Waylaid and Attacked Without Cause Says One Survivor

By Bulletin Leased Wire.
Boston, Sept. 22.—A riot between American and Polish miners was begun in the town square here tonight as a result of the double murder of two Polish miners.

The two victims were returning from a Polish dance where they had furnished the music.

Twenty-five foreigners, who started the riot, were beaten and chased to their homes in the Polish district.

LABOR UNION DELEGATES MEET IN MONTREAL

Annual Convention of Trades and Labor Congress Opens in Eastern City

By Bulletin Leased Wire.
Montreal, Sept. 22.—Delegates from twenty-four unions met in the annual assembly in Montreal for the opening of the twenty-ninth annual convention of the Trades and Labor Congress of Canada.

IMPEACHMENT COURT DECIDES TRIAL TO GO ON

Governor Sulzer Loses Again in His Fight Against Trial

By Bulletin Leased Wire.
Albany, N.Y., Sept. 22.—Governor Sulzer today lost his fight to prevent the impeachment trial of Judge Clegg.

HAS MILLION DOLLAR SALE OF LOTS IN PRINCE GEORGE

Frank A. Ellis, Appraiser of G. T. P. Townsite Company, in the City—Will Conduct Sale Here—Takes Three Days' Sale in Vancouver Big Success

Having just completed more than a million dollar sale of the first lots of the new Grand Trunk Pacific townsite in Prince George, B.C., the appraiser of the company who has charge of the auctioning of the lots in the townsite arrived in Edmonton from Vancouver last night, and is a guest at the King Edward.

MANNY WERE ANXIOUS ABOUT LARK LAYERS

When the rumors founding of the Haronic was made public by the afternoon paper, many Canadian fish wharves felt by many Edmonton citizens and scores of calls were made to the police.

DEADLY RACIAL RESOURCES

Manufacturers Using Money to Prevent Tariff Reduction Says Grain Growers Guide

THEY MUST RECKON WITH COMMON PEOPLE

The Suggestion of Conference is Pure Bluff Says Organ of Farmers

By Bulletin Leased Wire.
Winnipeg, Sept. 22.—In dealing with the Manufacturers Association on the subject of lower duties on British imports the Grain Growers Guide will say tomorrow that the idea of the manufacturers in using a conference to secure a delay and is not sincere, and concludes a long article as follows:

The suggestion of the manufacturers for a conference with the Grain Growers is a bluff pure and simple. We should be more than glad to see the leading officials of the organized farmers in a public conference with the manufacturers' officials, where each side will present their case, and we will have a good idea of the result will be that when the conference was ended the manufacturers would not have a single argument upon which they base their demand for protection.

If the manufacturers really desire a conference they might have shown their good will by suggesting at least some reduction could be made in the tariff on British imports. As it stands now, a single argument on which they base their demand for protection.

Big Lake Limer Took Refuge From Limer in Jackfish Harbor

REPORTS CONFIRM STEAM'S VIOLATION

Was Worst in History of Many of the Captains on the Lake

(BULLETIN) 800, MICH. SEPT. 22.—THE NORTH-EASTERN NAVIGATION COMPANY'S STEAMER HURONIC ARRIVED AT JACKFISH HARBOR 500 TO P. M. TONIGHT.

By Bulletin Leased Wire.
Sault Ste. Marie, Mich., Sept. 22.—Delayed dispatches reaching the 800 today confirm earlier reports of the furious storm which raged over the western sector of Lake Huron on Saturday night and Sunday.

The wind blew from all directions from north-east to north-west, starting with rain early Saturday night. It failed to subside until after 10 o'clock Sunday, when it continued for hours and the lake lashed Lake Superior into a fury.

"We were in communication with the Huronic through our wireless at ten o'clock Saturday night. She was then in Jackfish Bay safe, and said she intended to leave Monday morning for the Soo. Jackfish is about fourteen hours' run from the Soo. If she left this morning she would be due under normal conditions about ten o'clock tonight. The weather, however, is still unfavorable for anything but cautious navigation," said Captain McCowan.

The Huronic took to shelter on account of having a light cargo on board, which would put her higher out of the water than usual, for the safety of the steamer and her passengers. The Huronic had made it advisable to stay in port. No mention was made of disabled machinery.

Wireless Not Working.
The Lakeland also reported that the Huronic had been sighted all day and that the Huronic had made it advisable to stay in port. No mention was made of disabled machinery.

SEIZE CHINA'S WHISKY.
Celestials sold to Indiana as Five to Ten Times Price.

Vancouver, Sept. 22.—Following the news that the Chinese had decided to sell their whisky at five to ten times the price, the provincial police seized a large quantity of whisky in the possession of a Chinese merchant in the city.

DEEPENING OF ST. LAWRENCE CANAL IS BIG QUESTION

Rogers Forecasts What is to be Outstanding Issue of the Coming Session.

SAYS WEST WELL OVER FINANCIAL DEPRESSION

Declares This Half of Country Not as Badly Affected as the East.

Toronto, Ont., Sept. 22.—Hon. Robert Rogers, who is here inspecting the harbor, was asked today, "When will the West fully recover from the effects of the financial stringency?"

"It has recovered twice as fast as the East is doing," was the Minister of Public Works' reply.

The financial stringency was at no time felt half as badly in the West as it is in the East, he said, and with the tremendous crop now to hand the general outlook was optimistic.

"All this money we are spending on the improvement of our waterways is not wasted," said Mr. Rogers. "When we get our scheme completed we will have one of the greatest factors in the reduction of the high cost of living and grain prices."

"In what way?" he was asked.

"Why, ocean freight will be able to go right through from Port Arthur to England without touching a railroad car," he replied.

"Then it is your intention to go right ahead with the deepening of the upper St. Lawrence canal," he was asked.

"Yes, this will be the big question of the coming session, very probably, but I cannot say for a certainty."

Mr. Rogers hopes to have the Great Lakes water course for ocean freighters completed within two and a half years.

WILL SEPARATE PASSENGER AND FREIGHT TRAFFIC

Improvements Being Made in O. N. R. Yard at First Street Depot

SOUTH SIDE FREIGHT TO CROSS HIGH LEVEL

Extension Being Made to Freight Sheds to Take Care of Increased Business

Great improvements are to be made in the Canadian Northern yards, additional tracks are to be laid in front of the depot to facilitate the arrival and dispatch of trains. In future freight trains will be kept off the tracks immediately in front of the depot and will use the tracks on the north side of the yard near the elevators.

The transfer track between the Canadian Pacific and York street and the Canadian Northern at Sixteenth street will be finished tonight and traffic will be diverted from the line to the new track. The Canadian Northern instead of handling the cars to divisions, will handle them to York street.

This will mean a great increase in the facilities for handling traffic to and from Calgary. An extension is being made to the Canadian Northern freight sheds here, the sheds being made 200 feet longer and adding capacity for their capacity. Additional car tracks will also be laid down in the yards.

"These extensions are needed to take care of the increased business," declared General Superintendent Brown. Mr. Brown stated that the traffic to the Canadian Northern is increasing.

A force of men is now employed in making improvements on the Atlantic line, ditching ballast and cleaning out the cuts.

100,000 VIEW BODY OF MAYOR GAYNOR

New York Pays Last Tribute to Dead Administrator This Morning

New York, N.Y., Sept. 22.—A moving sea of humanity stretching away from the New York city hall gathered to pay what may be the last tribute to the public funeral of Wm. J. Gaynor, late mayor. Nearly one hundred thousand viewed the body, as it lay in state, waiting the rain for hours in a slow moving line. The rain had not ceased at dusk of day, although it lessened to a drizzle at times as the morning wore on. The stretch of Broadway leading south from the city hall to Trinity was easily manned by police in preparation for the body's passing shortly before 11 o'clock. Admission to the church was by card only. The procession, selected to officiate were the Rev. Wm. T. Manning, rector of Trinity; Bishop David H. M. Greer and Bishop G. A. Harbo.

After the service the funeral procession was to move slowly over Broadway bridge and thence to Green-Wood cemetery, Brooklyn, for interment.

ITALIAN JUDGES ORGANIZE UNION

Congress of Judges Will Demand Reduction of Incompatible and Unworthy Judges.

Rome, Sept. 22.—Italian judges and magistrates have organized themselves like labor unions and even threaten to strike. The first national congress of judges will meet tomorrow in Naples and a militant program will be discussed.

The new school of magistrates have formulated demands, including the dismissal of feeble and unworthy judges who, it is declared, form at least twenty per cent. of the whole number of Italian magistrates. They also demand the formation of three categories of judges with a graduated salary and minimum salaries.

If the minister of justice refuses to consider these demands, the judges will retaliate with a rigid and literal adherence to the legal procedure causing great delay and heavy expense to litigants and to the state.

BULLETIN NEWSBOY FATALLY INJURED BY STREET CAR

Albert McLaren, Aged 19, Slips and Falls on Tracks in Front of Car on 24th Street—Left Leg Severed at Hip—Shock Expected to Prove Fatal.

While running across the street, railway tracks on 24th St. yesterday morning, Albert McLaren, 19 years old, slipped and fell in front of a passing street car and was run over. Two of the wheels passed over the boy's left leg near the hip, severing the limb from the body and badly crushing the hip. The lad was then rushed to the St. Mary's hospital in the ambulance, where amputation was necessary.

The boy is the son of Robert McLaren, 127 Robertson street, Glasgow, manufacturer. He was employed delivering newspapers and it is thought that he was endeavoring to get in front of the car in order that he might

heard it or saw the morning Bulletin. The morning Bulletin, D. Simpson, saw the boy approaching the tracks when he was about two-thirds across and ran to him. The boy apparently thought he could not cross in time, but following the rails at night the plank walk was slippery and he fell under the car. The distance was too short for the motorman to pull up in time and the two front wheels went over the boy's leg.

P. E. Simpson, of the street railway department, was on the scene soon after the accident happened. He far as can be gathered no blame attaches to the driver.

Dr. Farnsworth is in attendance on the boy.

See the large capacity the Kootenay Range offers. The door fits up out of the way and has a rounding front which allows the full capacity of the stove to be used.

This Kootenay fuel saver will replace your coal buns because it gives absolute control of the fire. Can be used to ventilate the kitchen by drawing cooking fumes and surplus heat into the chimney. You should certainly see the Kootenay before buying.

Kootenay Ranges are sold everywhere by good dealers who back up our guarantee with a splendid warranty.

TO THE PUBLIC And to Our Already Satisfied Clients

We now consider the time is ripe to begin investing some money in real estate, for the reason that the money stringency which has been prevalent will soon be a thing of the past. Western Canada has in this year reached the best crop in her history, which will mean a large circulation of money than ever before. Building permits are again increasing very largely, and the prospects are that next year will show enormous increases.

We have always aimed to give our clients properties which we would purchase ourselves, and have been very successful in making money for them. We begin with the fact that we do not want a lot of money to invest, as we are carefully picking out small buys which, in our estimation, will not cost a point of 100 per cent. to the investor, and we feel very sure about these investments before placing them on the market.

Now, for the first time ever, we would like to take the matter up with you, and, if after considering our proposition, you do not see it in the same light as we do, we will be perfectly satisfied to drop any such business for the present.

ALMOST GIVING AWAY

FRUIT IN HAMILTON.

Hamilton, Ont., Sept. 26.—At the central market, 10,000 baskets of peaches, pears and apples were offered for sale. The farmers were unable to fix their prices as a result, and the fruit was sold at a loss. The average price for the fruit was 10 cents per basket. The fruit was sold at a loss of 10 cents per basket. The fruit was sold at a loss of 10 cents per basket.

CROP MOVEMENT IS THREE WEEKS AHEAD OF 1912

Canadian Northern Western Division Already Has Shipped 3,000 Cars East

ELEVATOR MEN SAY GRAIN IS HIGH GRADE

Heavy Frosts Reported From Manitoba—Field Crops All Out, However

Three thousand cars of grain have been shipped over the Canadian Northern Western division since the grain season opened, according to W. A. Brown, general superintendent in charge here yesterday. Grain is moving rapidly, although rain on Thursday and Friday slackened the movement somewhat.

Mr. Brown states that the movement of grain is three weeks at least ahead of last year and there is a car more grain of a good quality in the country than ever before. On the whole late harvest alone, the C.N.W.R. is loading some 200 to 250 cars per day and loading is general at all points along the main line between Winnipeg and Edmonton.

Grading No. 1 Northern

"For the best crop of grain ever here ever had," declared John Gillespie, head of the Gillespie Elevator Company. A good proportion of the wheat coming into the Gillespie elevators is grading No. 1 Northern, the wheat is a fine color and is free from damage by weather or frost. Mr. Gillespie today has been through the country south and east of this city, touching Camrose, Didsbury, and other points, and he found the wheat nearly all out, though some oats and green feed were still growing. The blizzard here was much impressed with the outlook and he said that the people here were much surprised with the position of the crop at this time and later in the season, it proves what was predicted of it and is coming into its own as one of the best wheat producing countries in the world.

Bumper Year for Farmers

A number of samples which will grade No. 1 Northern have already been received at the Campbell & Ouellet mill and Mr. Campbell states that there will be a large proportion of the best grade this year. If the yield is as excellent as the quality the farmers will have a bumper year.

Grain will be coming into the elevators at Edmonton freely by the middle of the present week. The first rain of last night delayed threshing in this district only for a few hours this morning, and the rapid drying wind of today has set the machines to work again.

That there has been no frost to touch the grain still near the city is due to the fact that the grain was cut this morning on the farm of D. C. McKay, being the east half of section 26, township 52, range 24, at Sturgeon Grove Centre. The potatoes should be sign whatever of frost.

Heavy Frost in Manitoba

Winnipeg, Sept. 22.—Winnipeg, as well as the greater part of Manitoba, had its first frost of the season last night, and in many places the frost was sufficiently severe to badly damage garden truck and some of the remaining unharvested. Fortunately all field crops were safe.

Ten degrees of frost were registered in Winnipeg, nine in Brandon, eight in Portage la Prairie, twelve in Morden while Pelly took the night's record with twenty degrees.

Alberta was well above the frost line, with scattered showers in most districts, while in Saskatchewan only an occasional point went to freezing point. Prospects for Manitoba and

REV. HANS SCHMIDT

ONE OF THE STRANGEST CRIMES ON RECORD—Rev. Hans B. Schmidt, a priest in St. Joseph's Church, New York, formerly of R. J. Joseph, Man, killed his sweetheart, Miss Anna Mueller, and then cut her body into sections, which he later dropped into New York harbor, making it a place of the first case which led to Schmidt's arrest and full confession—He conducted service in the church the Sunday following the crime.

MISS ANNA MUELLER

ONE OF THE STRANGEST CRIMES ON RECORD—Rev. Hans B. Schmidt, a priest in St. Joseph's Church, New York, formerly of R. J. Joseph, Man, killed his sweetheart, Miss Anna Mueller, and then cut her body into sections, which he later dropped into New York harbor, making it a place of the first case which led to Schmidt's arrest and full confession—He conducted service in the church the Sunday following the crime.

SIX-YEAR-OLD BOY SHOT BY BROTHER

Sad Shooting Accident Resulting in Death of Fred Albert, South Side

Fred Albert, six, his friend at Taylor's undertaking parlor on the south side as the result of a sad shooting accident which took place at the boy's home Sunday.

The boy, six years old, was with his parents about four miles south of the city, while playing with a shot gun about noon when the gun exploded and the charge entered the chest and left shoulder of the boy. The children are the sons of Herman Albert, a farmer, who lives on section 10, township 50, range 25, Judge Tisdale's old homestead.

Their mother had only just left the house for a few minutes when the accident occurred. The boy was running and to her dismay on running into the house she found the child of the two boys in a dazed condition and bleeding profusely from the wound caused by the charge, which had been fired at close quarters.

The wounded police and Dr. Brubaker made an injury and were advised that the shooting was accidental. No inquest will be held. The funeral will take place to Elginville cemetery on Tuesday at two o'clock.

ANARCHY IN ALBANIA

Former Turkish Commander-in-Chief, Killed Austrian Flag.

Salonika, Sept. 21.—Complete anarchy reigns in Albania. The provisional foreign minister, Mullah Bey, who has just returned from Europe, has been summoned by his partisans to march against Essad Pasha, the former commander-in-chief of the Turkish forces at Scutari.

Essad Pasha has raised the Austrian flag and Mullah Bey has called on the government at Avlona to surrender him. The minister has also raised the ensign house at Durazzo.

On the 21st.—The total revenue receipts for the inland revenue department during August were \$1,137,295, as compared with \$1,080,749 in July, a decrease of \$56,546.

Saskatchewan are for continued cool and unsettled weather.

Regina, Sask., Sept. 22.—After a 75 mile trip through the district yesterday, it is conservatively estimated that 25 per cent. of the crop is threshed.

Farmers are busy with every available machine in operation.

Record Yield of Oats.

Letting. At the 22nd.—Reports of remarkable yields are characteristic of the threshing season. An average in oats of 125 to 150 bushels is recorded.

FRENCH AVIATOR FLIES WITH HIS HEAD DOWNWARD

Marvelous Demonstration of Stability of Aeroplane Given by Pegoud at Versailles

LOOPS THE LOOP IN MACHINE IN MID-AIR

Was Flying Upside Down at a Height of 1,500 Feet Above the Earth

Versailles, Sept. 22.—The French aviator Pegoud, who recently made a loop in his self-imposed task of proving the stability of the aeroplane. After he mounted to a great height, he dipped the left wing and his machine slowly turned over on its side. The aviator flew for some seconds head downwards. He then gained the upright position by a series of fully looping the loop. Pegoud's hazardous flight was watched with breathless interest by crowds of spectators.

Pegoud ascended 2,300 feet, then dipping the left wing and then looping forward and sideways, looping backwards and twice describing the letter "S". During the course of describing the loop, Pegoud was flying upside down at a height of 1,500 feet. He descended in this position fully 1,500 feet, completing the loop swiftly and gracefully.

Farmer Charged \$150 for Board.

Edmonton, Sept. 20.—A case in which a farmer charged a constable with the rate of \$12.50 per day and then deducted \$150 for his board was heard in court here yesterday. The case was caused by an action for wages at the police court here yesterday. Eight constables were jointly awarded the sum of \$268.25 by Magistrate James. The defendant was William Ruff, a farmer in this district. The board rate charged by Ruff was \$12.50 per day, which was strongly condemned by the magistrate.

Five o'clock tea set—Mrs. Martin.

A Beneficent Discoverer.

Edmonton, Sept. 20.—Ernest Smith, the discoverer of a process for the manufacture of soda, celebrated the fiftieth anniversary of that discovery today by giving more than \$1,000 to educational and charitable institutions and the employees of the firm. The universities of Paris and Nancy each received \$100,000. Many scientists representing all nations, are attending the jubilee celebration.

I had a most bitter attack made on me by one of the aldermen in my own home one evening," he said.

"The question of this change is none other than an empty vessel to be filled with anything, but I am not prepared to take abuse from any alderman in this city. I care to no man."

After the meeting was over, Commissioner Harrison was asked, "alderman had attacked him. He replied that it was Alderman Scott."

"The attack was most unbecoming for most unfair," said Mr. Harrison.

"Alderman Scott went just a little too far over his rights as an alderman when he tried to influence my stand on my matter before the commission board in the way he did. I have never, since I have been a commissioner, consulted with any other commissioner, with any mayor, with any alderman or with any newspaper man as to what course I had better pursue for my own best interests, and I do not intend to start now at Alderman Scott's latest. I am willing to discuss general politics, but not my own mind on them."

Commissioner Harrison was mad, and said so. He declared he did not think it within the province of any alderman to try to dictate to him.

SIR EDWARD CARSON'S CAMPAIGN OF SEDITION

Literary Newspapers Take Ring at The Dominion Unionist, Who Speeches in Ulster are Becoming More Violent as One Succeeds the Other.

London, Sept. 22.—The speeches of Sir Edward Carson in the north of Ireland, have become so belittled that the Liberal newspapers are discussing the question as to whether the time has not arrived for the government to take drastic action.

Sir Edward's latest outburst on Saturday, after inspection of the various contingents of the Ulster volunteers when he said, "I had ridden into the province from some of the greatest generals in the army and they were not even allowed to come over and help the Ulsterists of Ireland to keep the old flag flying, surrounded all his previous utterances."

Carson Guilty of Treason.

The Chronicle this morning asks whether longer Carson will be permitted to preach open sedition throughout Ulster and points out that he would be dealt with under the Treason and Felony Act. The minister, and the Chronicle, is that the circulation will encourage the rebel movement, which at present is entirely in the hands of the Ulsterists. It is a chapter and more effective way of dealing with him, by removing his name from the list of privy councillors.

Want to Be Martyrs.

The Daily News, however, says that Sir Edward and P. M. Smith, who is supporting him, are probably asking for such action on the part of the government, in the hope that they might represent themselves the victims of persecution by their political opponents. It goes on:

"The government may be trusted not to act so as to create just that division, which would be convenient to Carson and Smith, but many, we think, be trusted to act in its own name."

The Doherty Co-Operative Plan

Is a Rare Opportunity for
Intending Piano Purchasers

EVERY innovation is not always satisfactory or successful. Some possess merit and others do not. The reason is, therefore, obvious. The secret of the success of the DOHERTY CO-OPERATIVE plan of selling is that it possesses merit—real merit. The people appreciate this fact from past experience. No one has ever seen anything in an advertisement placed above the name DOHERTY that was not the truth—the whole truth.

When we say we are selling 500 PIANOS, the regular value of which is \$375.00 each, to 500 people, selling them for \$268.50 each—the people know this to be the truth—**THAT THE SAVING IS \$106.50.**

**BRING \$10.00 AND JOIN THIS
Co-Operative Buying Association**

TERMS AND CONDITIONS—The initial payment is \$10.00 and the balance payable \$2.00 each week.

Investigate any other proposition—then compare it with this.

FOOTBALL BASEBALL THE TURF

RED SOX TURN TABLES ON OABLES

Loose Playing by Blue Labels and Good Pitching by Doherty Decides Contest

The Red Sox aggregation walked away with the second game of the Red Sox-Blue Labels baseball series by the two-handed score of 11-5, by hitting the ball hard and often, aided by a few bunts, and general loose playing on the part of the Blue Labels, they garnered run apiece in the first three innings to put the game on ice, while the Labels found his Red Sox pitcher, Doherty, strong with his ball and his request for perfect.

Grant, in the box for the Blue Labels, was noticeably out of color and the south siders hummered his slugs, they gave plenty of opportunity to lose over the line before starting the hard conditioning for the blue labelers.

Manager Mack said tonight that he would at one start in substitution. "I will give some of the veterans a half day," said Mr. Mack. "Each day I will fill the places of men who have had some home runs. By the time I give plenty of opportunity to lose over the line before starting the hard conditioning for the blue labelers."

Manager Mack said tonight that he would at one start in substitution. "I will give some of the veterans a half day," said Mr. Mack. "Each day I will fill the places of men who have had some home runs. By the time I give plenty of opportunity to lose over the line before starting the hard conditioning for the blue labelers."

As each of these teams have one game apiece to credit, the one that afternoon, the final, ought to be a dandy, and should be worthy of the good attendance. The game yesterday was a little disappointing, being due to a sort of let-down-his-game feeling on the part of the teams.

Line-up of the teams:

Blue Labels—Clavan, pitcher; Terry, first; Spence, second; Clavan, third; C. Owens, short; Allen, left; Lonsdale, right; Grant, catcher; Doherty, pitcher; Spence, second; Clavan, third; C. Owens, short; Allen, left; Lonsdale, right; Grant, catcher; Doherty, pitcher.

CONNIE MACK BEGINS TUNING UP FOR SERIES

Since American League Pennant is Chased Today One Reasoner Plans for Conditioning Athletics.

Philadelphia, Sept. 22.—Now that the Philadelphia club has won the pennant of the American League, preparations will at once be made to begin the Mack to tune up the team for the world's series next week. The first move towards this end is the call-up on the Athletics' players, all of whom will be given holidays from time to time until the series with the New York Highlanders here on October 2, 3 and 4. The Athletics are suffering from fatigue and other injuries and they will be given plenty of opportunity to lose over the line before starting the hard conditioning for the blue labelers.

Manager Mack said tonight that he would at one start in substitution. "I will give some of the veterans a half day," said Mr. Mack. "Each day I will fill the places of men who have had some home runs. By the time I give plenty of opportunity to lose over the line before starting the hard conditioning for the blue labelers."

As each of these teams have one game apiece to credit, the one that afternoon, the final, ought to be a dandy, and should be worthy of the good attendance. The game yesterday was a little disappointing, being due to a sort of let-down-his-game feeling on the part of the teams.

Line-up of the teams:

Blue Labels—Clavan, pitcher; Terry, first; Spence, second; Clavan, third; C. Owens, short; Allen, left; Lonsdale, right; Grant, catcher; Doherty, pitcher; Spence, second; Clavan, third; C. Owens, short; Allen, left; Lonsdale, right; Grant, catcher; Doherty, pitcher.

ESKIMOS WILL HOLD PRACTICE AGAIN TONIGHT

After Short Rest Gosh White Worked Out Again Tonight at Diamond Park

The Eskimos will once again begin active training this evening at Diamond Park. Coach White has been back to work yesterday after his hard run of Saturday. More attention will undoubtedly be given the back field and punting department since it was discovered that the Eskimo line cannot hardly be improved upon. The heavy Eskimo line held in most every every position against the force of the "Tigers" and had Kimball been in the game it would have been the same. The Eskimos will have a badly defeated bunch on Saturday.

The scoring done by the Tigers was on punks and it looks like there will be some same when they meet the Eskimos. The Eskimos will have a badly defeated bunch on Saturday.

AUSTRALIANS PLAY FINAL AT VANCOUVER

Trouting Contests Will Leave For Home After Three Day Match With Victoria at End of Week

The Australians will play their final match against a Vancouver fifth, tonight, at the end of the week. The Australians will play their final match against a Vancouver fifth, tonight, at the end of the week.

THE PASSING SHOW

By "BILL"

Ray Keating, the New York's best pitcher, has been in the news lately because of the club's rules have been framed for his benefit as well as for the other players. Keating is inclined to look upon this as a joke. He has been misbehaving himself lately, and as a result he is now under the ban of the club. Keating is a pitcher of natural ability but he seems to lack common sense. He was treated with fairness and leniency, until it became necessary to call him to order. He is under the ban of the club and is anxious to be restored to the club's payroll.

BIG LEAGUE GOSSIP

St. Louis, Sept. 22.—Boston defeated St. Louis today by a 2-1 score. How was strong in all but the second inning. The Sox were strong in all but the second inning. The Sox were strong in all but the second inning.

Around the City

At the death occurred yesterday of the infant child of Mr. and Mrs. J. J. Leonard, 423 Eighth street. The funeral will be held tomorrow to the P. C. cemetery.

Sinithona Royal Bank Precipitous
The Sinithona Royal Bank, located in the Orange Hall, South Side, on Tuesday evening at eight p.m., the Sinithona Royal Bank was closed. All visiting Sir Knights are cordially welcome.

Church Anniversaries—The anniversary service in connection with Grace church and Westminster churches were held last night with a supper in the former and a lecture in the latter by Dr. Darling. Both were largely attended by members of the congregation.

Over-Expenditure—According to a statement submitted to the committee of departments which is the city commissioners yesterday, the over-expenditure on the Civic Block for the month of June was \$1,000. It is expected that when all the accounts are audited the over-expenditure will be about \$15,000.

The wedding took place last night in the Westminster church of Miss Edna Hume, of Edmonton, and Mr. H. H. Hume, of Medicine Hat, Alberta. The Rev. R. G. Stewart officiating. The groom was attended by John Hume, son of the bride by Miss Mary Hume. Mr. and Mrs. Hume will reside in Edmonton.

Will Send Body East—The body of Robert H. Cottle, aged 42, who died yesterday of consumption, at 228 Third street, north side, will be shipped east tonight via C.P.R. and G.T. to Stratford, Ont., for interment. The deceased was born in Stratford, Ont. The body will be accompanied by Mr. W. Oliver.

The Ladies of St. Paul's W. A. are holding an afternoon social in the church room, Kennedy street, on Wednesday, Sept. 24, at 4 o'clock. Mrs. Melrose has kindly consented to be present to speak about the work of the Women's Auxiliary. The members extend a cordial invitation to all ladies interested in such work to the meeting and afternoon tea.

M. H. O. Back from Regina—Dr. Whitley, medical officer of health, was back in his office yesterday in the City Block after spending several days last week in Regina attending the public health conference. The doctor reported an interesting time, although he complained that so many medical men were hearing different addresses at once that it was impossible to cover the entire conference. Dr. Havel, provincial health official, also returned to the city yesterday.

Magistrate's Fine Reduced—After hearing in the federal building, the Lee Pott against his conviction in the Edmonton Police Court, on June 24th, on a charge of having been in his possession for sale, Judge Taylor, in the District Court yesterday afternoon, amended the information to one of speaking in a public place. The magistrate had imposed a fine of \$100 and costs, together with imprisonment for one month. The amendment in the complaint made by Judge Jackson brought the offence under a less drastic provision of the act, and the judge fined \$40 with costs limited to \$40, in default three months' imprisonment.

To Discuss Calling Pastor—At a meeting of the congregation of Westminster Presbyterian church in its hall, in the church on Wednesday evening, the question will be considered of calling a minister to succeed Rev. C. A. Meyers, who recently resigned the pastorate here after being called to the pastorate of the Young People's and Sunday School work. Among the names that will be considered by the congregation will be that of Rev. Dr. Darling of Minneapolis, who has been occupying the pulpit in that church for the past three weeks. It is understood that there is quite a number of candidates for the vacancy.

Presentation Made—The Department of Municipal Affairs witnessed a pleasant gathering last Thursday just before the office closed for the day for the occasion being the presentation of a beautiful clock to two of the staff, Miss Blake and Mr. A. B. Macdonald, in recognition of their many years of service which will be celebrated in the first Presbyterian church next Wednesday, at 12:45 o'clock. Mr. Macdonald has been with the department for upwards of four years and Miss Blake for the last year and a half.

The presentation was made by Mr. John Forre, Deputy Minister of Municipal Affairs, who referred in very complimentary terms to his personal appreciation of both young people and to the high regard in which they were held by all connected with his department. Though quite taken by surprise, Mr. Macdonald made a fitting reply thanking the staff for the kind remarks which had been made, and expressing his valuable gift they had received.

Favor Paving Ninth This Year—"Having gone over this ground, we are convinced that it will be a great boon to the business interests on this street not to have this paving done on this fall," is the decision reached by the public works committee yesterday afternoon after a long and interesting discussion of the question of paving the street.

Alfred Livingston, chairman of

the committee, Alderman Calder and Mr. W. McCannan were present at the meeting. The committee decided to recommend that to the council that the mayor and aldermen be given the authority to enter into an agreement with Mr. McCannan and the other property owners interested for the completion of the paving this year, on the condition that the property owners agree to contribute the cost of the work.

The city engineer has estimated the cost of laying the street at \$12,000. The committee also expressed an opinion that business streets such as 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th,
